Issue No. 2 — Nov. 20, 1975

University of Toronto

York University

Ryerson Polytechnical

## ... their opinion of GEORGE BROWN

By Paul Harvey

How does our college fit into Toronto's educational community? What about George Brown's academic standards? How do they relate to the academic standards of the U of T, York and Ryerson? Do some Toronto Applied Arts and Technology Colleges have higher academic standards than others? And if so, where do we rank? These are some of the questions that we as students, faculty and staff of George Brown are very much interested in. In order to find the answers, I set out to interview a representative from each of these three institutes of higher learning.

At the University of Toronto, I was able to interview the Director of Admissions, Mr. William Kent. At York University I talked to Mr. Bill Whitla who is the associate Dean of the Faculty of Arts and at Ryerson Polytechnical, I interviewed the Vice-President—Academics, Mr. Jim Puckham. In all of the interviews I asked similar questions and the people being interviewed knew that they were speaking in the capacity of an official representative of their institutions. The following is a summary of their opinions of George Brown as well as the Colleges of Applied Arts and Technology in the Toronto area.

University of Toronto: "You can not compare Universities with the CAATS (Colleges of Applied Arts and Technology) because it is like comparing apples with oranges. Both institutions were set up for different purposes. Therefore, they have different places in the Toronto educational community." These are the words of William Kent, Director of Admissions at the University of Toronto. Mr. Kent believes that the relationship between the two different institutions was set up not by the University of Toronto but by the Government. The U of T is into theory and academics; whereas, the CAATS is into the practical and skill development.

This brought us to the question as to what standing George Brown graduates had when applying for admissions into the University of Toronto. The U of T feels that the Applied Arts and Technology Colleges were not developed as a de-

vice to get into University, nor do they see them as a preparation for University. However, the U of T does take some George Brown Students but they must have first class standing in order to be considered. Mr. Kent believes that people should not try to use the CAATS as a stepping stone into the U of T. "This would be harmful to both the CAATS and the University". The U of T has acquired a system which gets it inflow of students from high school grade XIII graduates. "This is because of the courses they have taken. They are usually given the best preparation for university". Grade XIII is acceptable for admission into George Brown. Mr. Kent believes that this is probably because the College does not envision its students going on to university. Mr. Kent thinks that the Toronto CAATS, by and large, have different standards of quality. As to whether or not George Brown has a high standard, Mr. Kent would not say, pleading ignorance of George Brown College or its curriculum.

York University: York is having trouble determining exactly how much credit should be given to courses taught at the Applied Arts and Technology Colleges. York would like to make it possible for

students to move with greater ease between the Colleges and York. In attempting to do this, York is in discussion with Seneca College to determine which of Seneca's courses are equivalent to York's. Many times York finds the standards are quite different. York's courses often stress the theoretical; whereas, the colleges stress the practical aspects of the subject.

As for the position of George Brown in the Toronto educational community, Mr. Whitla, Associate Dean of the Faculty of Arts, believes the community colleges are defensive about their position. He believes the colleges should improve their image. Going to George Brown College is an alternate to going to York University. The public should be reeducated to change their belief that University is better. It is up to the colleges to show that their standards are different from but not less important than those of the university.

In reference to admission into York, York would give higher consideration to a George Brown graduate than to a regular Toronto grade XIII graduate. The reason is that they believe college graduates to be more experienced, trained and developed in both per-

## Good-bye Teraulay!

By Peter Raskauskas

I feel that Teraulay makes everybody feel welcome and relaxed. Since Teraulay is such a cozy place, it will be missed by the students when we move over to St. James Campus. Teraulay is like a home to many students. They know when they come here, they will be greeted with happy and smiling faces. I wonder if it will be the same way at St. James.

I know that Teraulay will be missed by staff and students because people have gotten to know all corners of the campus. Students who want to avoid

teachers or skip classes know where to hide so that their teachers won't find them.

Teraulay is also a good place to meet friends or wives and husbands if you wish. Good meeting places are the library, lounges, cafeterias or the table tennis room on the 3rd floor. Because of the various reasons mentioned, it will be sad to leave Teraulay and move into the new campus. Therefore, I wish the best of luck to the students in their move to the new campus.

## Hello St. James!

Well, here it is. The official word from administration as to when the Teraulay classes will be moving over to St. James. This schedule comes from Mr. Eric Latham, the person in charge of co-ordinating the big move.

Each department will be moved in phases; therefore, it will take anywhere from two to five weeks to move some departments.	Balance of Graphic Arts Dept.
November 1 - November 28	Manpower section of the Business and Commerce Dept.
November 1 - November 28	Main Administrative Office will begin to move.
November 15 - November 28	Electronics Department.
December 1 - January 5	Post-secondary section of the Business and Commerce Dept.
January 12 - January 23	

Mr. Latham has requested you to be informed that this schedule is rough and tentative. It is also contingent on the construction company making all areas of the new campus available.

## CHRISTMAS BOX

The T.S.U. has started up a Christmas Box. A Christmas Box is a box full of contributed groceries that is donated to a needy organization. We urge all staff and students to contribute to this worthy cause. The Christmas Box will be picked up by "Chum" Radio Station a week before school closes. All goods that are not perishable can be brought down to the T.S.U. Office, Room 351B before December 12th.

Please help us give support towards a needy family's Christmas.

## ...their opinion

Continued from Page 1

sonal and job related skills. (It appears that York has a considerably more open door policy than the U of T as to what areas it wants to solicit students from. York University is as receptive to graduates from the Applied Arts and Technology Colleges as they are to high school graduates.)

Mr. Whitla definitely considers some Toronto Applied Arts and Technology Colleges to have higher academic standards than others. When asked about George Brown's standards, Mr. Whitla said that he did not want to comment on that. When asked why he did not want to comment, he used the

same excuse as Mr. Kent of the U of T, that was that he did not know enough about George Brown (?).

**Ryerson:** Mr. Jim Packham, Ryerson's Vice-President - Academics believes that George Brown puts relatively more weight on technical skill training than on academic development. He said that some George Brown students would not be given any more advance standing at Ryerson just because they had studied at George Brown. Advance standing would depend on their exact program of studies. Those courses stressing Applied Arts and Community services, such as, social services, creative arts, etc., offer much less credibility as far as Ryerson admission standards. This is because Ryerson

often has a different approach to these areas. In other words, if you're interested in meeting Ryerson's admission standards, your studies would be given more credit if they were on a technological subject. When I asked Mr. Packham if some Toronto Applied Arts and Technology Colleges have higher academic standards than others, Mr. Packham replied with an unqualified "yes" adding that George Brown did not have the highest standard in some programs of study. Mr. Packham believed that, from his experience, we were graduating good technicians in the mechanical field; but probably our graduates would have more trouble with academic endeavors such as writing an essay.

## STAR DUST (your horoscope)

By Daria Williston

**ARIES:** March 21-April 20  
Friendships are important today. Be sure to make friends with the most "unlikely to be friendly" people. These are the ones who prove to have interesting qualities. However, avoid making friends with people that have one eye in the centre of their forehead. That's a little too interesting.

**TAURUS:** April 21-May 20  
It is essential that you stick to your routine today. Any deviation will cause great disruption. If you are unsure of yourself, follow this simple schedule: 1. Turn off alarm at 7:05 a.m. 2. Go back to sleep.

**GEMINI:** May 21-June 20  
Urgent message. We have your mother! She is gagged and tied to a chair at our headquarters. She will be returned to you safely if we receive \$25.00 in small bills, in a Charlie Brown lunch box, at the 2nd floor staff room, by high noon.

**CANCER:** June 21-July 20  
Dear Cancers: It has been proven medically by a team of qualified scientists and doctors that people born under the sign of Cancer, undoubtedly, have a very low resistance to the extreme condition of ankle boils. So take the elevators at all times, and never wear red socks.

**LEO:** July 21-Aug. 21  
You tend to be a very proud person, but don't let your "King of the Jungle" attitude lead you into embarrassing situations. One rule to remember is this: Be sure to leave your pet lion home when you go to school.

**VIRGO:** Aug. 22-Sept. 22  
You will receive a letter from a far away place today. Enclosed will be a photograph of the man or woman of your dreams. There will be an arrangement for a meeting and a lasting relationship will evolve.  
\*Note: Due to current mail strike this may not be accurate.

**LIBRA:** Sept. 23-Oct. 22  
The sky is full of sunshine. The air is full of warmth. Your mind is full of vitality. The birds are full of song. Your mouth is full of teeth. Your fridge is full of food. Your dog is full of worms. Your best friend is full of fungus. And you, undoubtedly are about to vomit.

**SCORPIO:** Oct. 23-Nov. 22  
Everyone will be stary-eyed in their attitude toward you today. Students, teachers and possibly even construction workers will be falling in love at the first glance. Take advantage.

**SAGITTARIUS:** Nov. 23-Dec. 20  
Sorrow. The night we reserved for your forecast was extremely cloudy, therefore we could not read the stars. Play it by ear.

**CAPRICORN:** Dec. 21-Jan. 19  
The motions of the planets are important factors for you. The moon is in the seventh house. Saturn is pulling strongly towards the sun. Jupiter's cusp is rising. Neptune's astral position is stable and the Dow-Jones Industrial closed at an average of 823 today.

**AQUARIUS:** Jan. 20-Feb. 18  
Most of your associates will seem totally "out to lunch" today. It might be best to avoid conversation with everyone. However you should not resort to talking to yourself in public.

**PISCES:** Feb. 19-March 20  
You are the first to know! And it is up to you to inform the other signs of the stars of the upcoming phenomenon. At exactly 2:26 pm the sun will nova. So be sure to say goodbye to all your friends before leaving on your coffee break.

## TERAULAY STUDENT UNION ACTIVITY BUDGET SEPTEMBER 9, 1975 - JANUARY 31, 1976

### Revenue:

Student Activity Fees	\$17,000.00
Receipts from Pinball	1,000.00
Balance from previous period	4,808.14
<b>Total Revenue</b>	<b>22,808.14</b>

### Expenditures:

#### Office Expense:

Executive Salaries	\$2,000.00
Secretary Salary & Benefits	3,474.50
Part-time Secretary's Salary	135.00
Office Supplies	100.00
Office Telephone	250.00
Petty Cash	150.00
Student Union Contingency	600.95
<b>Total Office Expense</b>	<b>6,710.45</b>

#### Clubs Sponsored:

American Marketing Association	444.60
Black Student's Union	458.28
Chinese Students Association	857.00
Human Relations Committee	855.00
Physical Distribution Club	574.56
Graphic Arts Association	400.00
<b>Total Clubs Sponsored</b>	<b>3,589.44</b>

#### Social Activities:

Table Tennis Tournament	150.00
Pinball Tournament	125.00
Dances	1,600.00
Inter-department parties	400.00
Choir	200.00
Karate	\$ 500.00
Volleyball	150.00
Gym	155.00
Badminton	138.00
Bowling	600.00
Basketball	300.00
Hockey	1,000.00
Film (rental)	500.00
Outing (suggestions)	1,000.00
Dance Club	500.00
Games Club	300.00
<b>Total Social Activities</b>	<b>8,708.25</b>

#### Services Offered:

Radio Station	100.00
Activity Cards	400.00
Newspaper	1,600.00
<b>Total Services Offered</b>	<b>2,100.00</b>

#### Other Expenses:

Safety Fund	1,000.00
Christmas Decorations	300.00
Advertising	400.00
<b>Total Other Expenses</b>	<b>1,700.00</b>

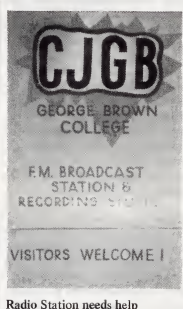

#### TOTAL EXPENSES

**\$22,808.14**

### "Letters to the Editor"

It is the policy of this newspaper, as is with all other newspapers, to solicit letters from our readers. These letters can be about any aspect of student interest at our campus. If you send us a letter it is with the understanding that it will be published in a new "Letters to the Editor" column. We hope this new column will appear in our next issue. Address your letters to "The Editor of the Full Moon" and deliver them to the T.S.U. Office, room 351B, Teraulay Campus.

Please note that the deadline for the next issue is December 4th, 1975.

Radio Station needs help

## MOON PEOPLE

Publisher: Teraulay Student Union  
Managing Editor: Paul Harvey  
Assistant Editors: Gertrud Riedke, Frank S. Russo  
Writers: Michael Ebanks, Linda Martin, Paul Palmer, David Singh, Daria Williston  
Designer: Kathy Moller  
Secretarial Aid: Liz Alfred

The FULL MOON is a newspaper by and for the students of Teraulay/St. James Campus.

## Christmas Party

Join in the fun and excitement and get in the Christmas mood at a Party organized by the T.S.U. in conjunction with the other organizations on this campus. The success of this Party depends on your support so remember it is your party so come on out and have a ball.

The date for this party has been set for December 12th, 1975.

Highlights of this party will be dinner (Buffet style) and

dance to the fantastic and groovy sounds of "Bob Wisdom and the Advocates". You will be guaranteed a dinner such as you have never enjoyed before and Bob and his group will give you the sounds to move and groove until the wee hours of the morning. If at the end of this party you feel that you did not get your money's worth (\$4.00 per person) then talk to me about arranging for you to see a psychologist.

## Pinball Tournament

For Post-Secondary Students to be held in the 12th floor lounge on: November 24, 25, and 26 (after 3:15)

Engraved Trophies to be won  
All games paid for by the T.S.U.

Registration: opposite 12th floor elevators or at the T.S.U. Office, rm. 351B.

Deadline for Registration: Nov. 21st.

Deadline for Registration: Nov. 21st.

## Varsity Pinball

Photos and story by Frank S. Russo

It is indeed a lamentable fact that here at George Brown, one of our largest group of athletics has gone unnoticed, unrecognized and without honours. Our pinball players exhibit every bit as much talent, skill and coordination as the best of football or hockey players, but is there an intercollegiate arena for them? No! Some might even claim that pinball is a more refined and gentlemanly game, more worthy of the caliber of students we have at George Brown. But do we even have inter-mural competition for our pinball players? No! Daily, we can witness the intense struggle between man and machine, as people put

their wits and skill against the cold unrelenting logic of the pinball machines. In a spectacle almost reminiscent of a bullfight we see one man face to face with one machine in a moment of truth. In the light of this, do the rest of us have anyway at all of turning to these pinball players and saying "Well done". The truth is, and it shames me to admit it, pinball has gone virtually ignored as a sport til now.

Fortunately, at least one man has seen this need and has taken action. Our Social Convener, Dax Sukhray, along with friends Brad and Gary have organized a Pinball Tournament to take place on the 12th floor, using the three machines in the lounge. Players will play one game on each machine and winners will be based upon the total score on all three. Trophies provided by Davis Skill-games will be awarded to the winners of the final round. Registration is in front of the 12th floor elevators and will close Friday, November 20th, 1975.

Practice will be held all day, five days a week until you run out of dimes. While nobody is saying anything definite, this may not be the end! Who knows? We may see varsity pinball after all.

## Table Tennis Tournament

By Michael Ebanks

On December 1st, some students will believe they have bidden their last farewell to Teraulay Campus. Be that as it may, the first three days in December may offer, yet, a last reprieve. These are the dates on which the last table-tennis tournament will be held at this old Campus.

Organized by Social Convener, Dax Sukhray, with some assistance from Bill Paul, Jeevan Balkissoon, Steve Flemming and myself, the purpose of the tournament is to encourage students to take a greater part in the activities of the College. Future tournaments of this type will depend on the response to this tournament as well as the facilities which will be available.

**Eligibility:** All George Brown students attending the campus at Teraulay or St. James will be eligible to enter. If a student does not have an Activity Card, he will be required to pay one dollar (\$1.00) to enter. If you are interested, come to the T.S.U. Office (room 351B) on the third floor, and be registered by Wednesday, 26th November.

**Events:** There will be men's singles, women's singles, men's doubles and mixed doubles. Winners of these events will receive prizes. Each player will be allowed to enter not more than two events.

International Women's Year prompts discussion group

## Women and the Law

If you have read the yellow memos that have appeared on our walls, you must already know that Ms. June Kingshott, one of the members of our teaching staff, has been instrumental in organizing a discussion group in connection with International Women's Year.

In attendance at their first meeting were 7 students, 3 teachers, 1 administrator and 1 support staff member. At this meeting a questionnaire was issued to ascertain the interests of the group. These interests were shown to be primarily women and the law and secondly, development and promotion opportunities for women. In view of this, the group has been

actively seeking women lawyers to speak at future meetings on the topic "Women and the Law".

Ms. Kingshott pointed out, in particular, that their group is open to all people, male or female, student or faculty and that there are hopes of greater participation at organizational or informational meetings. The best way to seek further information would be to speak to Ms. Kingshott in her office in Room 489, Bay Building.

## Complaint

Where the hell are the coffee machines at the St. James Campus.

# Clubs At Our Campus

## 50 Members Attend Black Students Union Meeting

By Paul Palmer

The B.S.U. has had a new election since the last publication of the Moon. The new executive consists of:

President	Neil Lee Quai
Vice-President	David Singh
Treasurer	Louis March
Secretary	Lorna Miller
Public Relations	Clifton Meade

The new executive has been in office for one week when they called their first meeting on October 30th, 1975, in which approximately 50-60 members attended. Ms. Barbara Ferrett or a representative was supposed to attend the meeting, but were unable to do

so, because of mixed communication. Maybe next time. The aim of the meeting was to extend their hand to invite all the other clubs to work together with the B.S.U. for the betterment of the students in this Campus.

At this meeting Mr. Frye told the students that he thought 3 years ago that there should not be so many clubs and organizations, but today he has changed his views because of what he has seen done by these clubs and organizations. One of the things mentioned was that the B.S.U. was acquainting the new black students from other countries with a new environment in this country.

They also discussed the availability of newspapers from Trinidad, Jamaica, and Guiana, so the students could keep in touch with the happenings in their country. At the moment they will only be getting the Sunday issue from Trinidad; however, they are hoping to receive other papers in the future.

There is now a suggestion box located outside Room 351A for any students wishing to submit suggestions.

The B.S.U. has merit awards which have been in existence for a year, and will now be modified so it will include more students.

The council has formulated a Select Committee whose duties are to help the council on decision making and to seek the help of other students in the making of those decisions.

The B.S.U. hopes to use the FULL MOON as an information centre for its members about further relevant information. Watch the FULL MOON for more news on the activities of the B.S.U.

Neil Lee Quai, President, Black Students Union

### PHYSICAL DISTRIBUTION CLUB

Physical Distribution Seminar  
November 27th, 1975  
Time: 12:30 to 3:15 pm

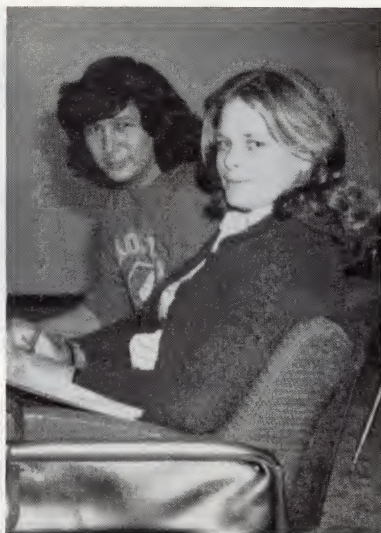

There will be two guest speakers present from Industry and slides will be shown on the field trips that major students attended earlier this semester.

This seminar is compulsory to first semester and majoring students.

Refreshments will be served.

## WANTED

PHOTOGRAPHER—For the Full Moon student newspaper. Plenty of fame and glory with no pay and rotten conditions. See Paul or Frank at the Teralay Student Union Offices, Room 351B, Teralay Campus.

G.A.S.A. executives, Mike Miller and Jeannette Hay

## STUDENTS FORM GRAPHIC ARTS ASSOCIATION

By Mike Miller

The Graphic Art Student Association is composed of all post-secondary students enrolled in any accredited Graphic Arts course at George Brown College, St. James Campus.

Our prime objective is to represent the Graphic Arts Student, in the planning and advertising of all social events, in conjunction with the Student Union.

We form the official liaison between the Graphic Arts Student and a) the Student Union, b) the faculty of the Graphic Arts Department.

In future we would also like to assist all Graphic Arts Students, in

their endeavour to find suitable employment in their fields, with assistance from the faculty and our department.

To date we have had three meetings of all interested Graphic Arts Students. At the first of these meetings we chose our executive as follows:

President	Mike Miller
Vice-President	Jeannette Hay
Secretary	Kathy Mellor
Treasurer	Peter Lind

The Graphic Arts Student Association can only function if we have the support of all Graphic Arts Students. We need YOUR ideas and YOUR help.

### GEORGE BROWN CHRISTMAS CHOIR

We would like to inform you that the students of George Brown College have got themselves together and formed a Christmas Choir.

They hope to start the seasonal spirit off by singing Christmas Carols on the twelfth floor. The

exact date has not yet been determined but everyone will be welcome to come out and get into the Happy Holiday mood. Practices are held twice a week before or after school. For more information contact Mrs. Maureen Currie, Rm. 1235, ext. 574.

## Hockey Team Gears Up

A varsity and intramural hockey team has been started at the Teralay Campus by the Executives with special assistance by interested students.

The Executives consist of:

President	Jim Waldrum
Vice-President	Randy Finchow
Treasurer	Dennis Niebergal
General Manager	Vito Giannone
Cosch	Joseph Gal
Captain	Nick Harrison

The team practices on the ice at Baycrest Arena on Mondays at 5:15 to 6:15 and Saturday nights

from 10:30 to 11:30. The team also uses Kensington gym on Tuesdays and Thursdays from 4:00 to 6:00 pm.

There has been a good turnout of players from the different campuses and they are working hard to get into shape so that they can challenge other Colleges.

The team is also running raffles to raise money to help pay for the expenses, so if you are asked to buy a ticket, please do so for it is for a good cause.
